

JUNE 2018

The

MALAND MONITOR

John Maland High School

From the Principal's Desk

It is always very exciting for everyone when you finally see it say June on the calendar as everyone is looking at the end of the school year being so close. However, because the end of the year is so close, there is a great deal to get done in these last 4 weeks. This has been another excellent year here at JMHS, and a very busy one as well. We have had so many successes here to celebrate this year, and we are very proud of our student body for all of their accomplishments.

Last week we captured the 2A Zone Track and Field Championship Banner with an excellent team effort from all those part of our Track and Field team. Several of our students will be representing John Maland this weekend at the Provincial Championships, and we wish them the very best of luck.

Also, this week we had our Drama Troupe's presentation of Newsies at the Devon Community Centre and it was fantastic. Thank you to all who came out and supported our students and enjoyed a night of live theatre. In addition, our Band Year End Concert is Thursday, June 7th at 7:30 here at the John Maland High School, so please join us for an outstanding evening of music!

This weekend, we help our Grade 12's celebrate their High School Graduation, and this is always a favorite event for us as staff. It is so exciting to see our Grad's dressed up in Cap and Gown, and later in their dresses and suits. It is so rewarding to see the excitement on their faces, as well as the faces of their family and friends! Please be extra careful and thoughtful this weekend Grads and other students, and we look forward to seeing all of you back in class on Monday.

Also, for those in grade 12, the Part A portion of exams begin June 14th, so please be preparing now. As well, the last day of classes is June 19th, and then all of our students will be entering exam week from June 20th to June 27th, so all students should be starting now to review and study for their final exams... we wish all of you the very best of luck!

Also, for those who have jobs lined up for over the summer, please be aware that you could also be earning Work Experience credits while getting paid. Please check with Mr. Couzens as soon as possible to get signed up for Summer Work Ex.

For those of you graduating we will miss you, and for those returning next year we look forward to seeing you in September... enjoy a well-deserved summer vacation.

done over a number
of years and runs
May 22 - June 16th!

**WORK
EXPERIENCE!**

SUMMER WORK EXPERIENCE

Grade 10 and 11 students who are working in the summer and would like to earn credits should talk to Mr. Couzens as soon as possible.

WHAT IS WORK EXPERIENCE?

Work Experience is a program in which the school and the community combine resources in order to provide opportunities in meaningful work activities.

Work Experience consists of three separate courses, Work Experience 15,25, 35, in which students may obtain three credits for completing an experience equivalent to 75 hours, to ten credits for completing an experience equivalent to 250 hours. This generally works out to 1 credit per 25 hours of work.

The program may be a career exploratory program wherein the student may be given the opportunity to work at two or three occupations. On the other hand, a student may spend all of his or her time with one employer working at one occupation. The experience provides a basis, through observation and supervised participation, for an informed career choice.

The module, "Work Place Safety" (HCS3000) must be completed before students will be given credit for their hours.

OBJECTIVES OF THE WORK EXPERIENCE PROGRAM

The expectations for the Work Experience program are that the students will:

Have an opportunity to participate in meaningful work;

Gain an understanding of the importance of developing acceptable work habits, good grooming, and the need for self-discipline;

Develop an understanding of positive attitudes for getting along with people;

Learn about the organization of business and relationships of employee to employer, unions, and government;

Explore career opportunities using materials from Counsellor's Office or the internet; and

Receive assistance in making the transition from the school environment to the work environment.

Mr. Couzens has been signing up Grade 11 and 12 students for Work Experience. Students who have taken home contracts to be signed by parents and
