

Design Thinking for Innovation Course

at the

Course Description:

In this 3 credit course you will be introduced to the Design Thinking process as you work with complex challenges facing the aviation industry.

Course Expectations:

- participate in the daily activities and attend **all** of the days.
- some homework after each session
- students will be responsible for completing any assignments missed during their regular classes.

Course Dates:

*One October lunch hour

Thurs. Oct. 31

Mon. Nov. 4

Fri. Nov. 22

Wed. Nov. 27

Tues. Dec. 3

*One December lunch hour

Interested female students are encouraged to contact their principal to sign up by Oct. 4.

Course Fee - approx. \$75

The **Elevate Aviation Learning Centre** provides unique opportunities for female students to explore diverse careers in the aviation industry.

You will see the world of aviation through a brand new lens, meet inspiring people, and learn about careers through:

- **mentor presentations**
- **conversations**
- **hands-on activities**
- **tours**

You will also have the opportunity to go behind the scenes with:

- Edmonton International Airport
- NAV CANADA
- Edmonton Flying Club
- Canadian North
- North Cariboo Air
- Royal Canadian Air Force.
